

Project Wansdyke Path

In Contact with the Cosmic Matrix

Invitation

I would like to ask you to participate in a wonderful and peaceful project !

On July 25, 2009, we will meet in and around Avebury, Wiltshire, Southern England (UK),
to help to bring about a shift to betterment on this planet
and to declare to the Universe that we are ready
to take responsibility for this planet.

In particular, the support of various Elders and Leaders
of the First Nations of Turtle Island give this project a major boost.

If you cannot come to England,
than please join us from wherever you think is best:
your favorite armchair, beside a tree, lake, river, sea-shore, hill, mountain
or at an old sacred place in your vicinity.

The resigned statements and attitudes of many frustrated people such as:
"I cannot do anything against it" is no longer valid. There is a remedy.

There are your thoughts. There is your spiritual power.

Everyone of us has it. Nobody can take it away from us.

It is the mightiest power in the Universe because we literally do consist of the dust of the stars.

Meditation

The time has come to reunite the old power grids of this planet.
We, the sons and daughters of our beloved and only Mother Earth,
are called to make a peaceful new start
to bring back to balance what is out of balance right now.

The time for the awakened humans of all the people of the world has come,
and they all shall start their ceremonies on and at their sacred places:
the medicine wheels, rivers, coasts, trees, hills, mountains,
the power places and beside the old stones.

We should visualize all the signs which were left here on the surface
by wise men and women thousands of years ago
and see how they start to glow again and reflect the white light of positive spiritual energy.

The hidden messages are part of this light and those who will come together on Juli 25, 2009
in this most meaningful hour to unite their spiritual power will resonate with these messages.

Our thoughts will be like tones without sound during these 60 minutes
but mighty like thunder to be heard throughout the universe.

**The time has come to take a chance for a new start.
We all together.**
